Single Modular Approval. Power listed is conducted. Approval is limited to OEM installation only. This module can only be used with the antenna design in strict compliance with the OEM instructions provided. The co-location of this module with other transmitters that operate simultaneously is required to be evaluated using the FCC multi-transmitter procedures. This grant is valid only when the device is sold to OEM integrators and the OEM integrators are instructed to ensure that the end-user has no manual instructions to remove or install the device. Separate approval is required for all other operating configurations, including different antenna configurations.

Class II Permissive Change: Adds ANT+ mode via software revision.
